Deposits – All checks made out to “Boy Scout Troop 42”. Use the memo line to note the outing or activity for the deposit.

Troop 42 Website

Jeff Sydelko discussed Troop 42 Website update and suggestions.

Statistics – Gallery has the most hits on the site and the calendar is heavily used. The website has 42 registered users.

Google has Troop 42 listed in the “Beavercreek scout, scouting” search.

More information - need more information, such as posting articles that the historian writes.

Totem/Eagle Scouts – Suggestion to post all Eagle Scout names, if over 18 years old. This would be a big recruitment tool for Troop 42.

E-mail list - One use of the web would be to post any attachments that normally would be sent through e-mail and provide a link.
